

ERR10619281 Provenance-Aware Reproducibility Transition

Operational variability with stable downstream biological evidence organization

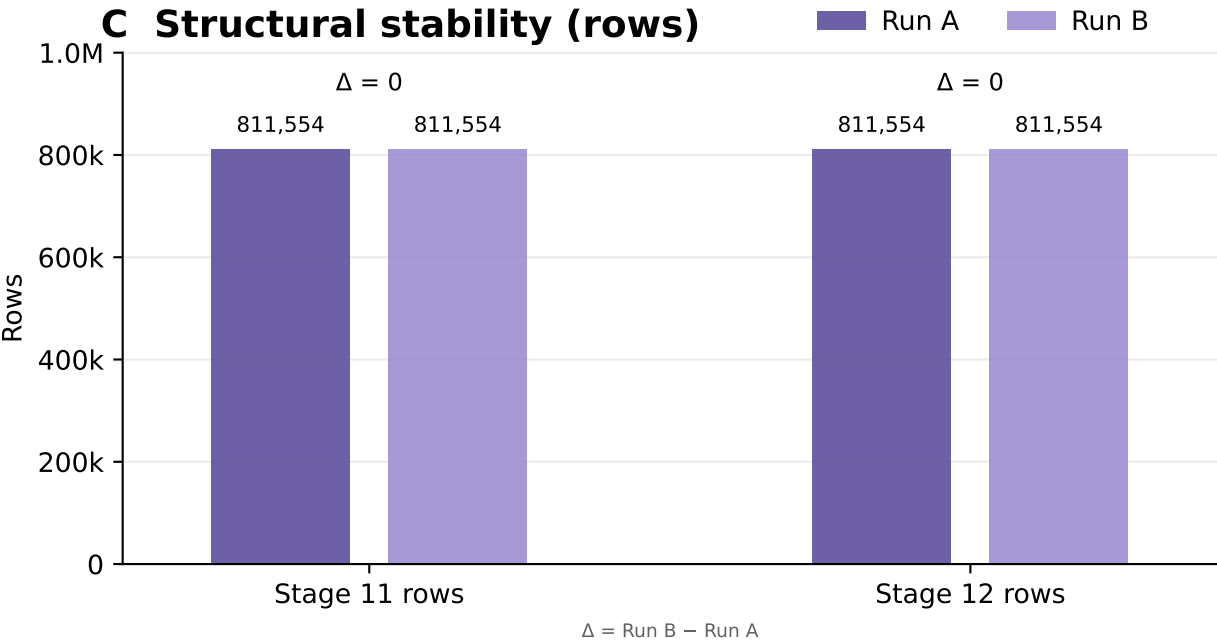

A Execution identity

Field	Value
Case	ERR10619281
Comparison	Provenance patch WES rerun
Run A	run_2026_05_14_083044
Run B	run_2026_05_14_231247
Status	reproducible_with_provenance_evolution

B Runtime variability

C Structural stability (rows)

D Semantic stability checklist

Evidence layer	Semantic status
Priority tiers	stable
Validation readiness	stable
Interpretation labels	stable
Gene burden	stable
